

FRAIS  MONDE

NATURAL THERMAL MAKE UP

FRAIS  MONDE

**NATURAL MAKE UP E
FUNCTIONAL, ANTI-AGE
HYPOALLERGENIC THERMAL***

AND natural made with brand new powders of mineral origin, light, opaque and silky to the touch that cover uniformly, micronized in a very fine way so as not to block the pores.

Functional because these powders are compacted exclusively with the addition of vegetable oils active on the skin (borage oil, evening primrose oil, macadamia oil).

Anti ages since the active ingredients included in the formulation are nourishing, protective and anti-wrinkle.

Hypoallergenic, formulated to limit allergy risks.

***THERMAL**: it is a unique line with the addition of precious and active thermal mineral salts derived from the sulphurous thermal water of Repole whose therapeutic properties on the skin are certified by the ministry of health. Thermal salts perform multiple activities thanks to their main actions of high hydration, protection, tissue regeneration, cellular oxygenation, restructuring of the dermis, reconstruction of the lipid film, nutrition and improvement of the aesthetic appearance of the skin.

FACE

- COMPACT POWDER
- COOKED TERRA
- FOUNDATION
- POUDRE COLOR BASE
- THERMAL BLUSHER
- NATURAL CONCEALERS
